E.S.S.

VOL. 31

(COMMEMORATING 31)

KANSAI GAIDAI UNIVERSITY E.S.S.

Greeting

I'm very glad that we can publish E.S.S. pamphlet. First of all, I would like to express my appreciation to those who made this pamphlet and the many sponsors.

This year many freshmen have joined our club, and now 96 members belong to the E.S.S. Club activities are very lively, and every member tries very hard to improve their English skills. It is not only thing that we can get through our club activities, such, we gain confidence in ourselves, knowledge from our research, friendship, and many other things. I learned useful one thing. That is the importance of harmony. If we cooperate to accomplish one thing, we can have great success in carrying out anything we may do. Our minds harmonize in a moment. I truly respect the harmony I have seen among all our members. I'm sure this has mad E.S.S. much better than ever.

Lastly I hope the E.S.S continues to prosper in the future.

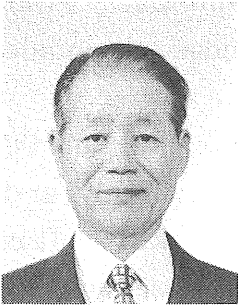

Longing for our glory

Hideki Nawa

Hideki Nawa

President of the E.S.S.

TO ALL THE MEMBERS OF THE E.S.S.

I wish to extend my warm greetings to E.S.S. members. Today, we are in the last decade of the twentieth century. 97 years ago, at the dawn of this century, who could ever have imagined the world as it is today. The next millennium is just around the corner and this time again, no one can prophesy the experience of our species in the century to come. However, one thing we can be sure of is that the world will get smaller and smaller as the transportation and communication revolution proceeds at an ever accelerating pace. Even today, these globalization trends can be felt unmistakably in every corner of the globe. It is important that we not merely keep abreast of these trends but become a driving force behind them. Since its establishment, Kansai Gaidai has embraced as its most quintessential mission the task of producing true cosmopolitans, and we have been very successful in this endeavor.

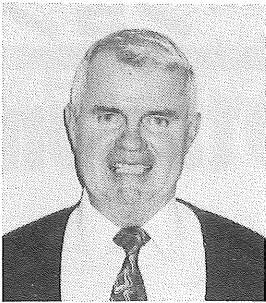

E.S.S., throughout its history of continual expansion, has contributed immeasurably to Kansai Gaidai and continues to do so. Its members should be proud of its great achievements, which contribute so importantly to Kansai Gaidai's tradition. I am anticipating your further achievements in the years to come.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Sadato Tanimoto'. The signature is fluid and cursive, with a large, stylized initial 'S'.

Sadato Tanimoto
President of Kansai Gaidai University

To all the members of the E.S.S.

From my vantage point as adviser of the E.S.S., I feel that 1997 has been a very good year. I especially admire the leadership qualities that have been shown by all of those having position of responsibility in the club.

I enjoyed very much attending the "gasshuku" that was held at Futami-ga-ura in Mie Prefecture. Everyone there seemed to be working hard to take advantage of the opportunity to improve their communication skills. They were also having a very good time.

Seeing how good the spirit is among the E.S.S. members at the present time, I am very confident that the E.S.S. has a bright future ahead. I was very happy that you invited Professor Kunimoto to come to the "gasshuku" as a special guest. He really enjoyed being with you and asked me to convey to you his thanks. "Ningen-kankei" are all-important in life, and I'm happy to say that the E.S.S. people are doing well in this regard.

Congratulations to all of you.

EXPLANATION OF THE E.S.S.

We are very glad to have a chance to tell you about the E.S.S. E.S.S. stands for English Studying Society. Here we are learning a lot of things through English. The events of the year (Dec. 1996 - Nov. 1997) are as follows:

- Dec. All Japan Open Joint Discussion.
English Oratorical Contest
- Jan. Party to introduce new committee members
- Feb. Farewell Party
- Mar. Spring Training Camp
- Apr. Club Recruitment of Freshmen
General Meetings
Welcome Party
- May. Recitation Contest for Freshmen
K.E.L.U.(Kansai English Language Union)
Joint Discussion for Freshmen
- Jun. Start of Section Activities and Grade Meetings
Cultural Exposition
Open Discussion by K.F.C.
- Aug. Summer Training Camp
- Sep. Melbourne Cup Speech Contest
- Oct. D.F.F.(Discussion For Freshmen)
- Nov. Presidential Cup Speech Contest
University Festival

In addition to these events, many members of the E.S.S. take part in the activities in other universities.

Chairperson, Takashi Kawahara

Takashi Kawahara
Secretary, Ai Kawahito

Ai Kawahito

It is my great pleasure to tell you my responsibility in this club. It is my job to give all the club members opportunities to improve our English skills. We have had some activities to do that. Let's look back on the things we have done this year.

1. THE RECITATION CONTEST FOR FRESHMEN IN 1996 (MAY)

This year we used three speeches which were done by the people whose native language is English.

1. I have a dream --- Martin Luther King Jr.
2. Kennedy's Speech on Martin Luther King Jr's Death --
- Robert F. Kennedy
3. The Great Dictator --- Charles Chaplin

2. Handouts...

To get many expressions used by native speakers, we get handouts once a month.

3. English lesson...

We have a free talk, and practice the pronunciation in English for 30 minutes once or write in a week.

4. English Oratorical Contest For Presidential Cup

Together with a person whose job is negotiation, I manage this contest to stimulate English learners in the Kansai area. From last year, participants are not only the students in this university, but also from many other universities' students. This contest is held on November 2.(during the school festival)

These opportunities get us going; We stimulate each other. These are the opportunities where the members who stay in line all the time become good rivals to improve our English skills. We'd like to keep doing these things as one of the ways improve our skills as an English learner and a human.

With pride and respect,
Tomonori Imamura

Tomonori Imamura
Speaking Promotor of the E.S.S.

Coordination Department

Dear Sir/Madam,

It is my great pleasure to introduce you two activities which the coordinator managed to hold, the Joint Discussion for Freshmen and the Course activities.

♪ Joint Discussion for Freshmen ♪

This activity was held on May 18 at Kansai Gaidai University and freshmen from 9 club members, Kwanseigakuin, Ritsumeikan Cosmedia, Kyoto Women's, Kansai, Doshisha, Kansai Gaidai College, Kansai Gaidai I.G.C. and Kansai Gaidai participated. Freshmen in the clubs had a talk on university life and exchange information about their past, present and future. They seemed to be very happy with themselves. After we finished all the, I got a tossup by many friends. I was really moved with it and my eyes were wet with tears. I will never forget that thing.

♪ Course Activity ♪

The purpose of the course activity is to acquire fundamental skills which are required to succeed in external activities offered by other universities. We had this activity twice this year during spring and summer. Many E.S.S. members tried hard to improve their skills. We hold contents to exhibit how hard we had worked on the activities. All contests were successful and fruitful enough to move up to the next step.

Each member has tried to improve various skills and has maintained good relationships with each other through our activities. I am proud of being one of E.S.S. members and being the coordinator who can help my friends.

Very truly yours,
Shinji Yonehara

Shinji Yonehara

Vice-president for Coordination Dpt.

PLANNING DEPARTMENT

It's my great pleasure to introduce the spring training camp and the summer training camp in 1996.

SPRING TRAINING CAMP:

This year, we went to Lake Biwa in Shiga Prefecture by bus. We had all the acts comfortably. During the camp, we were communicating with each other only in English. We realized our English is far from perfect on both pronunciation and grammar. It was surely a great experience for each of E.S.S. members. On the fourth day of the camp, we went outside and had a good time. We united more to welcome freshmen this year.

SUMMER TRAINING CAMP:

It was held one week before Obon in Mie Prefecture because it was possible to meet traffic jams around Obon time. It was cool there and looked like nature by the sea let us regain energy to start each day just by breathing. In the wonderful place full of nature, we had section activities, class acts, Joint class act, and professor's lecture and we talked and played with each other in B.C.T. We invited Mr. Paul M. Kelley and Mr. George Kunimoto and they gave us good, meaningful and enjoyable lecture. They taught us exactly what we need to improve our English. It made this camp much meaningful. In this camp, of course, we were speaking only English. I'm sure it was a great experience for each E.S.S. member, especially for freshmen.

Lastly, I'm very proud and confident of this club. So, I will keep working hard to make this club better for left three months.

With proud and respect
Tomonori Imamura

Tomonori Imamura
Vice-president for planning Dep.

SHOPS IN FESTIVALS

Hello, ladies and gentlemen. I'm glad to introduce our festivals.

We believe that festivals give us a good chance to learn many things. Students in other clubs can know our club and we also come to know E.S.S. members more through doing something together. We have an activity like the English play and a shop in a festival because some members like to act in front of many people, and some are good at making something to eat. I manage to have a shop in the festivals.

☆ The Welcome Festival For Freshmen (April 12, 1996)

We had an "IKAYAKI" shop. On that day it was a little cold and many people came to buy our hot and delicious "IKAYAKI"

☆ The Cultural Exposition (June 21-22, 1996)

We made "HIYASHI UME UDON," it contained big UME and "DAIKON OROSHI." They were wonderful.

☆ University Festival

We're going to have a great shop.

We enjoyed making and selling what we made by ourselves. Everyone cooperated with each other, and succeeded in these festivals. We are looking forward to having a shop in the next festival in November.

Thank you very much,
Akira Ichise

Akira Ichise
Vice President For Financial Dep.

SECTION ACTIVITIES

It is my pleasure to introduce section activities to you. In the E.S.S., there are many kinds of activities, but I think section activity is one of the most important one. Today many people in Japan can speak English very well, so it is not enough to just speak English. In addition to English ability, we are requested to have some skill and knowledge. In order to meet his request, we have section activities.

Now the E.S.S. is divided into 8 sections. They are After Reading Discussion, Debate, Discussion, Drama, Guide, Politics & Economics, Speech and World Studying. All members of E.S.S. belong to one section and study accordingly.

Thank you very much
Katsura Isoda

Katsura Isoda
Chief of the section leader

After Reading Discussion Section

I'm so glad to introduce our AFTER READING DISCUSSION SECTION to all of you. This year, to my pleasure, many freshmen have joined our section. As a result, we are enjoying our section activities. I think a few of you know what our activities are the themes of the story. Then we exchange our opinions. This is very interesting and valuable. Even if we read the same story, our ways of thinking are often completely different from person to person. Through our activity, we can understand various thoughts or points of view. Besides this, we can also improve logical thinking and improve our English ability.

★ DAILY ACTIVITIES ★

AFTER READING

<DISCUSSION>

This is the main activity in our section. We read a short story and discuss a few points about the story. We have to read not only the story itself, but also between the lines, in order to improve our reading comprehension. Also, imagining the personality of the characters and the background of the story is necessary for forming unique opinions. Finally, we usually talk about abstract concepts like life or love through the story. Our interpretations are all unique and different. In this way we can widen our ways of thinking.

<MAKING STORY>

We have the opportunity to write an original story ourselves. We will be able to write poems, short stories, long stories or songs: After we write them, we will discuss them. This year, we think we want to publish a booklet.

<DISCUSSION>

We have a new activity from this year. From September to the middle of October, we will have discussion activities. This is not quite the same activity as the discussion section. (If you want to know more about the discussion activity, please read the page on the discussion section.) Our goal is to have the skill to join in "Discussion For Freshmen." We can enjoy different activities from After Reading Discussion, and we can also acquire knowledge about social issues, because we treat social problems, and we can improve our English ability.

Lastly, I hope that our After Reading Discussion Section will keep on growing and we all will improve our English skills.

With pride and respect
Nobuko Teraoka

Nobuko Teraoka
Leader of the After Reading Discussion Section

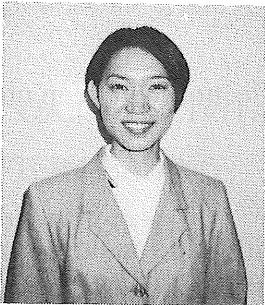

Debate Section

I would love to introduce my section. Probably, most of you do not know 'debate' well.

Debate is one way to argue with fixed rules in a limited time to persuade a judge. We argue between two sides, an affirmative side and a negative side. The affirmative side insists that they need to change the present condition and a negative side tries to deny the affirmative side. We can not choose sides, but it makes us understand the problem deeply from both points of view and improves our creativity. Also, every speaker has the same time to make their speech.

Debate is a way to argue equally without losing our tempers.

At present, it has eleven members. Each member is working hard to think, and speak clearly and logically.

Thank you,
Ryoko Kuwahara

Ryoko Kuwahara
Chief of the Debate Section

DISCUSSION SECTION

It is my pleasure to introduce our Discussion Section to you. It may be hard to answer the question "What is discussion?" Discussion can be interpreted in so many ways. In this pamphlet, I will introduce one kind of Discussion which is the most popular in the world of E.S.S.

Discussion in E.S.S. involves talking about ways of improving social issues in groups of about 8 people. Discussion is based on a subject that is related to Japanese policies concerning social issues. The discussion topic is changed twice a year. Participants assume that they are Japanese Government Officials, and we make a plan to improve the present situation.

There are many other benefits gained by joining this discussion section besides practicing your English. The first one is logic. In the discussion, you must try to persuade other people by developing logical opinions. Next, through making your opinions, you can acquire knowledge about social issues. The last one is making friends in other universities through external activities which are detailed below.

Main External activities

Apr.	KFC Pre-open Dis.	Jul.	Summer Joint Dis. (Kinki Univ.)
May.	Konan Univ. open Dis.	Oct.	Discussion for Freshmen
	KIEF Discussion Meeting		Nanzan Univ. Joint Dis.
	All Japan West Preliminary	Nov.	KIEF Discussion Meeting
	Kyoto Univ. open Dis.		KFC Autumn open Dis.
Jun.	Doshisha Univ. open Dis.	Dec.	Nanzan Univ. open Dis.
	KFC Spring open Dis.		KESSA open Dis.
		Mar.	KESSA Camp

Thank you very much,
Katsura Isoda

Katsura Isoda
Leader of Discussion Section

DRAMA SECTION

Hello, my friends! Welcome to our Drama Section. I am very happy to have this opportunity here. I am sure that you will want to join us after you read this. O.K., I will show you the wonderful world of Drama. I hope you will have a good time through our activity.

ENGLISH DRAMA

Do you know how we make an English Drama? We just perform a drama in English? No, our main goal is to learn "Living English" through drama and expand the ability to speak English; to acquire knowledge of a foreign country in a scenario by studying the background of the period, culture and customs of the country; to convey the message of a play to the audience from the stage. In order to achieve the goal, we have to take many steps in a long process of making one drama.

OUR PRACTICE

To perform a drama, we are required to have the basic skills and physical strength. Now let me explain what kind of activities we have.

--- Voice control ---

1. Running
2. Gymnastics
3. Sit-up, Back-up, etc.
4. Tension
5. Abdominal Breathing Practice
6. Voice Projection

--- Pronunciation Practice ---

1. Jaws & Tongue Training
2. A to Z Practice
3. Consonant Sound Practice

--- Pattern Practice for Movement ---

1. Tension
2. Facial Expression
3. Reach-out
4. Emotional Expression

--- Scenario Reading ---

1. Translation and Study of the Background
2. Analysis of Characters
3. Analysis of Lines
4. Analysis of the Theme

Through these activities and rehearsals, we learn how to act in English on the stage and express ourselves as each character.

Stage Effect

Now, I'd like to tell you about the equipments. Equipments are also necessary for drama. To create the proper atmosphere we must learn about equipment, too.

1. The Sound Effects
2. The Setting Effects
3. The Make Up and The Costume
4. The Lighting Effects
5. The Properties

Our section belong to K.E.L.U.(Kansai English Language Union). We participate in some events of K.E.L.U. as a part of our activities.

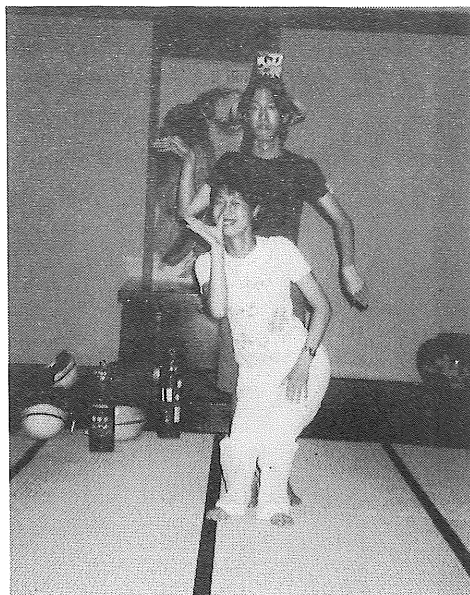

Right now, the Drama section has six active members. We are doing our best but without you, the audience, and the support of the seniors and the members of other sections, we could not and cannot perform a Drama. I'd like to express my heartily thanks to all them.

We are going to perform a heartwarming play, "A Breeze from the Gulf", in December. We are working very hard for it. We are looking forward to seeing you in December!

Thank you very much,
Tatsuya Miyazaki

Tatsuya Miyazaki
Chief of The Drama Section

GUIDE SECTION

Hello. It would be my great pleasure if you could understand our section activity very well after you finish reading the following sentences.

We aim to know and understand OUR Japanese culture, and improve our English ability through communicating with people from other countries who speak English. Our main activities are the following:

1) Volunteer Guide

In June we went to KIYOMIZU TEMPLE to guide foreign people and went again in October. In guiding, we explained what we have learned about the details of statues, the architecture in the temple and religion in Japan.

Through this activity, we can learn many things. However, the most interesting point is that we can ENJOY communicating with foreign people. I believe that this activity was a good experience for all members.

2) Guide Contest

Each members researches their own topic concerning the Japanese culture, and introduce it to a native English speaker using some slides. In short, the Guide Contest is an Informative Speech with Visual aides.

September: The Guide Contest in Summer seminar

November: The Guide Contest of Kansai Gaidai University !
The Guide Contest of Nanzan University

December: The Guide Contest of J.S.G.F.

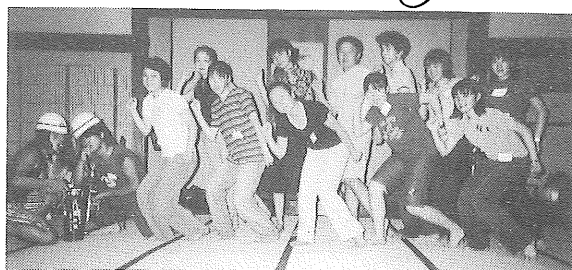

Our section belongs to J.S.G.F.(Japan Student Guide Federation). We took part in the General Assembly in June. All of us enjoyed talking with Students from other universities. Lastly, I hope that we all will improve our skills, get important experience and that our Guide Section will continue to grow.

Yours sincerely,

Kayo Ichiki

Kayo Ichiki
Leader of the Guide Section

Politics & Economic Section

Ladies and gentleman, I am very glad to have an opportunity to introduce the politics and economics section. In this section, we have two purpose. One is to improve English ability and the other is to get knowledge of politics and economics. It seems difficult to treat politics and economics; however, it is very important for us to know about it. To achieve these aims, we have various activities. I'd like to explain them in detail.

(Spring - Summer)

In June, we took part in a circuit speech contest. Through practice, we can learn how to think our idea logically. I'd like to explain the rule. Two persons make one team. Two teams play one game. Let's call TeamXpersonAB, TeamYpersonCD. First, A makes speech within three minutes. After one minute of intermission, C give a summary speech of the previous speech. This process is one round. One game consists of four rounds. Therefore, each person makes both prepared speech and summary speech.

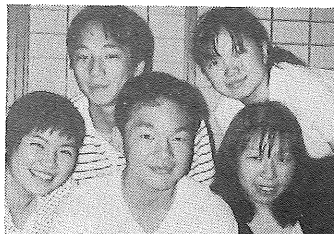

(Summer training camp)

I had 10 hours' study in this summer training camp. Through this activity I'm sure I could know about world currency more deeply.

(Summer - Fall)

I'm planning to have presentations for this fall. By using music or some equipments, I will present topics about politics and economics like news program. I will do my best in this activity.

Lastly, I sincerely hope that PE section will keep on growing up and accomplish purpose.

Thank you very much,
Akira Ichise

Akira Ichise
Leader of the P & E Section

SPEECH SECTION

I'm very glad to introduce our SPEECH SECTION to all of you. All of our section members have the same purpose to express myself and to make myself understood to audience.. However, it's very difficult to persuade audience within several minutes. We have to make our speech logical and rhetorical. In order to achieve these skills, all the members are working hard together.

CONTEST: We have a lot of opportunities to make our speech in public because there are many speech contests in a year. Main contests are followings;

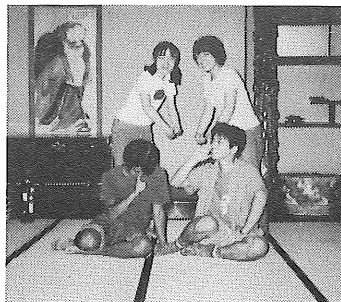

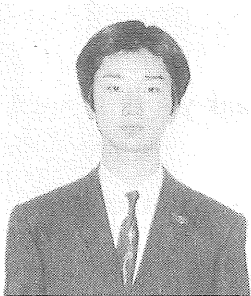

- Jun. The Honolulu speech contest
- The Mainichi speech contest
- Sep. The Melbourne speech contest
- Nov. The K.G.U. & K.G.J.C. Presidential cup speech contest
- Dec. The 5-GAIDAI speech contest

These are just example. There are many other contest. One of our goal is to win the contests. We are making great efforts and participating in such contests to get good results.

DAILY ACTIVITY: In our section, we practice from basic things to technical skills of English Speech.

- | | |
|------------------------|--|
| Speech Presentation: | Presentation Q&A with comments done at every section meeting when the contest is coming near |
| Speech & Free talking: | Impromptu short speech & discussion |
| Examine: | Discussion about each topic |

Lastly, I hope we all members will improve the skill and our SPEECH SECTION will continue to grow up.

Thank you very much
Takayuki Yoshida

Taka

Leader of the speech section

World Studies Section

Welcome to the wonderful world of our World Studies Section. Our activities are interesting and enjoyable. Our main activity is making presentations and we hold a presentation contest in the fall.

I'd like to inform you of the process by which we deal with the topic we choose.

① Topics

Select any topic from many different fields according to our interests; science, politics, religion, art, etc.

② Brainstorming

a) Divide the given topic into subsections and assign each to one of our section members.

b) Analyze the assigned part individually.

③ Presentation and Q&A

Make a presentation on the topic and have a Q&A time to deepen our understanding of our presentations and to express our opinions.

Despite the fact that our activities usually consists of a series of presentations, we often try to include other activities in order to improve our speaking ability. These activities are discussion, debate, etc.

We are not content with just making presentations; our goal includes being able to form our opinions and communicate them to others.

Lastly, I hope that all the members of this section will have a strong passion toward our activities and form their own wonderful ideas by studying all about the world.

Thank you very much,
Masumi Tanaka

FRESHMEN

Hello everyone. I'm glad to have an opportunity to introduce our activities to you. Today, I would like to tell you about two activities, Lunch Time Activity and Class Act.

We usually have the Lunch Time Activity every Monday at lunch time. On Friday, we have the Joint Lunch Time Activity. We do activity which we can deepen our relationship and improve our English ability.

Next, I would like to tell you about the activity held in the Summer Training Camp, Class Act. We did Sugoroku and Bingo in English. WE enjoyed them and got to know each other more.

Through these activities, I think we can improve our English and form good relationships. If you are interested in E.S.S., please join us and you will be able to enjoy a full filling university life.

Thank you very much,
Yumiko Shirakawa

Yumiko Shirakawa

Class Leader for Freshmen

SOPHOMORE

Hello everyone. I'm very glad to have opportunity to introduce our activities to you. I'd like to tell you about three activities, General Meeting, Lunchtime activity and Class Act in training camp.

(General Meeting)

It's held in April and May especially for freshmen. Freshmen experience this period and then come to know what the E.S.S. is as soon as they join this club. In the General Meeting, we have various activity such as free talking, singing songs and discussion and there are two events. Recitation contest and Freshmen Joint Discussion. Through these activities, freshmen can get used to this club. This General Meeting is hard, but rather enjoyable.

(Lunchtime Activity)

Lunchtime activity is the time when we try our best to do what we like and a time for studying English to improve our English ability. In this activity, freshmen, juniors and we get together and have some activities to get stimulation from other class members and to make friends with them.

(Class Act)

It's activity which is held in our training camp. In this summer we did survival game in English.

Through these activities, we can practice English continually. I think we can learn English and keep our good relationship.

Thank you very much,
Mayuko Taniwaki

Mayuko Taniwaki

Class leader for Sophomores

Junior

Now I cannot help saying, "Time flies." Soon I'll finish all the activities in E.S.S. I still remember the day I entered this club. Here, let me write about Juniors.

Juniors consist of 10 members and 3 of the them are studying abroad. We are trying very hard to brush up our English skills and enjoying our activities.

In summer training camp we had an orientation in English. We had a lot of fun and made good memories.

In Lunch time activity we will make a drama. We are planning to record our act on a video recorder. I'm sure the video will be a valuable memory, because this activity will be the last one as Juniors'.

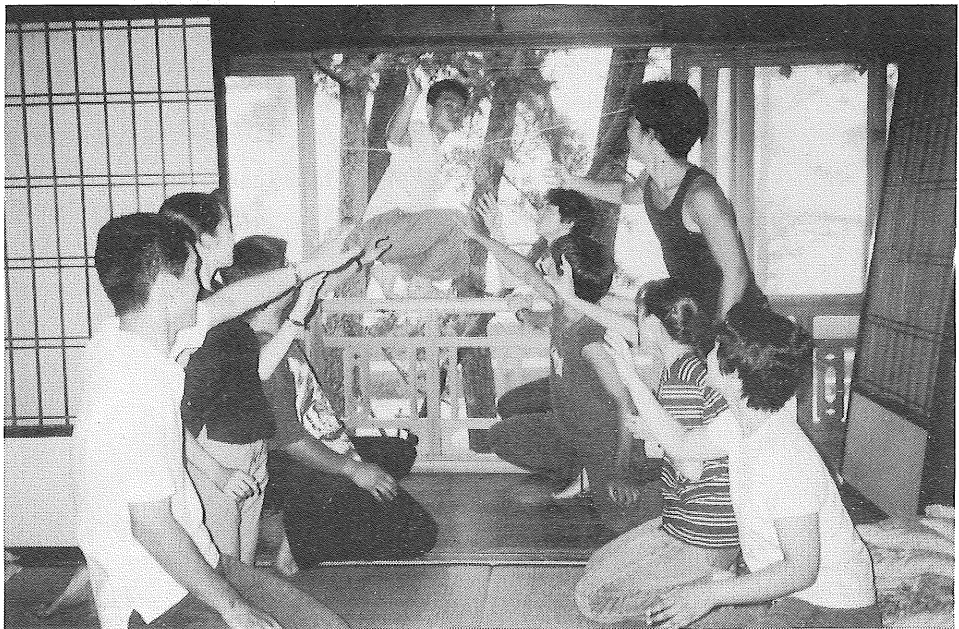

Lastly we would like to try our best in our activities so that we can say even though our activities have ended, our friendships will never ended.

The E.S.S. Pamphlet

Dear Readers

Now, we hope you have this E.S.S. pamphlet useful. Our purpose is to let readers know about our club and its activities. We are very happy to inform you of our activities and what we would like to achieve through our several events.

As an editor of this E.S.S. pamphlet, I would like to express my sincere appreciation to all the people contributed to this pamphlet.

Sincerely yours,
Takashi Kitamura
