VOL. 32

(COMMEMORATING 32)

KANSAI GAIDAI UNIVERSITY E.S.S.

GREETING

I would like to take opportunity to express my appreciation for the people who gave us precious advice and cooperation on our club activities and all the members of the English Studying Society.

Effort teaches.
He or she teaches.
Surrounding teaches.
E.S.S. teaches.

JUST DO IT

I am realizing them. And all members are trying to do. I am sure to this is the reason why the E.S.S. has been one of the best clubs for 32 years.

Lastly I would like to give special thanks for every person who takes this pamphlet.

Thank you,
Takayuki Yoshida

Yoshida Takayuki

President of the E.S.S.

DEAR E.S.S. MEMBERS:

On behalf of the faculty and staff of Kansai Gaidai, I would like to congratulate the E.S.S. on its success. Your steadfast effort to excel in English study and outstanding achievements have contributed not only to the prominence of the E.S.S. but to the growth of the larger Gaidai community. I am sure that you will build upon your success in later life and continue to do your best to enhance the reputation of the E.S.S. and Kansai Gaidai.

Since its establishment half a century ago, Kansai Gaidai, a pioneer in the field of international study, has developed its unique programs and produced many graduates who are active in the international community. As a result, Kansai Gaidai enjoys a high reputation inside and outside Japan. Building upon the years of experience and our vast network of overseas affiliations, we hope to continue our leadership role in international education throughout the coming century.

In its long tradition, E.S.S. has contributed to the unique education system which characterizes Kansai Gaidai. The spirit and activities of E.S.S. echo Gaidai's founding mission to produce global-minded citizens. Your enthusiasm has inspired other Gaidai students and helped create an academic environment which spawns positive competition and cooperation among students.

Lastly, I would like to wish you the best of luck and continued success in all your enterprises. Thank you.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'Sadato Toanimoto'.

Sadato Toanimoto, President

TO ALL THE MEMBERS OF THE E.S.S.

First of all, I want to extend my congratulations to all of the E.S.S. members on the many successful activities you have carried out this year. It always amazes me how hard you all work and how seriously you take the responsibilities that have been delegated to you. It is because of your dedication that your club achieves so much.

During the year, the E.S.S. invites quite a large number of foreign instructors to help out with the various activities that are undertaken. The foreign instructors act various English study activities carried out on campus and at the spring and summer 'gasshuku'. I always make it a point to ask these teachers how they feel after they have been involved in a particular E.S.S. activity. Over the years, positive comments have always been the rule. This year in particular the teachers that I talked to were quick to express their praise for the E.S.S.

The instructors all told me that they had enjoyed assisting in the E.S.S. activities, and said that they would be happy to help out again if they could. This is real evidence that you are doing good work. The teachers were especially pleased with the friendly and enthusiastic spirit you showed as you went about your activities.

I think the E.S.S. leaders have done a very good job this year and I congratulate you. Finally, I would like to extend my best wishes to all of you that you do during the remaining months of the school year.

Rie Takeuchi

First, I would like to show my deepest gratitude to all of the readers and editors and to let you know the wonderful activities I have managed so far. Of the things my job entail, listed below are some examples of what I have done for the members to improve their English in our club. Let's look back on the wonderful things that we have done this year.

1. THE RECITATION CONTEST FOR FRESHMEN IN 1998(MAY)

This year we used three speeches written by the winners listed below of the 51st Annual National Intercollegiate English Oratorical Contest sponsored by Mannish Daily News and so on.

I . Two Virtual Babies---Tomoyo Yamaguchi

II . No Limit, Know Limit---Masatoshi Kadoya

III . A Gift of Life---Tomonori Imamura

2. ENGLISH LESSON...

We practice English pronunciation and improve our conversational skills for about 40 minutes once a week.

2. THE ENGLISH ORATORICAL CONTEST FOR PRESIDENTIAL CUP

This contest is to encourage English learners in the Kansai area. Participants are not only from our university, but also from many other universities. This contest was held on September 1.

These opportunities ultimately motivate us and encourage us to improve our English. We try to encourage a healthy rivalry to improve our English all the more. We'd like to continue these way to open new doors as one of the ways improve our English skills and to become human beings.

Kindest regards,
Masumi Tanaka

COORDINATION DEPARTMENT

It so my great pleasure to introduce two activities; the Joint Discussion for Freshmen and the course activities.

1. Joint Discussion for Freshmen

I am most honored that I can now introduce what I have done to achieve the goal of this event. It was on May 17 that approximately 300 participants gathered at Kansai Gaidai University. They came from 10 different E.S.S. and English clubs: Ritsumeikan, Ritsumeikan Cosmedia, Kyoto women's, Doshisha, Kansai, Kwanseigakuin, Kansai Gaidai I.G.C, Kansai Gaidai College and Kansai Gaidai. Freshmen had a funny, interesting and serious (?) talks on their lives; how they had lived and would like to. Thereafter, we had a joyful time with entertainment and members in our club performed "manzai". Lots of fun!

This event was entirely successful "just" owing to great understandings and help from all the people who were involved with this memorable event. I appreciate everyone for everything concerning your every effort to make this event possible.

2. Course Activity

The purpose of the course activity is to acquire various skills using a long vacation. We held this activity twice this year during spring and summer. On the last day of the activity, we hold contests to present how hard we have worked in front of al the E.S.S. members. I am very glad that many members tried very hard to improve their skills during the activity.

Lastly, I am very proud to keep progressing with all of you.

Truly yours,

PLANNING DEPARTMENT

It's my great pleasure to introduce the spring training camp and the summer training camp.

SPRING TRAINING CAMP:

This year, we went Hachikita Kogen in Hyogo prefecture. We had English activities in a large and comfortable inn. During the camp, we were communicating with each other only in English. We realized our English was far from perfect on both grammar and pronunciation. It was surely a great experience for each of E.S.S. members. On the last day of the retreat, and we had a wonderful time. We united more to welcome freshmen this year.

SUMMER TRAINING CAMP:

It was held at the end of August in Shodoshima. It was the first time for all active members to go by ferry. It was a bit too hot there, but looked like nature by the sea let us regain energy to start each day just by breathing. In the wonderful place full of nature, we had 6 activities. We invited Ms.Benett, Ms.Chandler and Mr.Weatherford. They taught us exactly what we need to improve our English. They made this retreat much meaningful. In this retreat, too, we spoke only English. I'm sure it was a great experience for each E.S.S member, especially for freshmen.

Lastly, I'm very proud and confident of this club, so I will keep working hard to make this club better for left three months.

With proud and respect

SHOPS IN FESTIVALS

Hello, ladies and gentlemen. I'm glad to introduce our festivals.

We believe that festivals give us a good chance to learn many things. Students in other clubs can know our club and we also come to know E.S.S. members more through doing something together. We have an activity like the English play and a shop in a festival because some members like to act in front of many people, and some are good at making some thing to eat. I manage to have a shop in the festivals.

1. The Welcome Festival For Freshman (April 16, 1998)

We had an "IKAYAKI" shop. On that day many people came to buy our hot and delicious "IKAYAKI".

2. The Cultural Exposition (June 19-20, 1998)

We made "UME OROSHI HIYASHI UDON". It contained UME and DAIKON OROSHI. They were delicious.

3. University Festival

We're going to have a great shop and enjoy it.

We enjoyed making and selling what we made by ourselves. Everyone cooperated with each other and succeeded in these festivals. We are looking forward to having a shop in the next festival in November.

Thank you very much,
Yumiko Shirakawa

SECTION ACTIVITIES

It is my great pleasure to introduce section activities, the main activities in the E.S.S. to you. The term of the section activities occupies most of the year, from June till March.

All members in the E.S.S. gather together with a strong desire to make progress on our English, and we hope to learn English in various ways. The section activities grant us our wishes. The purposes of the section activities are not only to study English itself, but also to do various things using English, so through the section activities, we can get a lot of skill and knowledge as well as English ability.

Now the E.S.S. consists of 8 sections: After Reading Discussion, Debate, Discussion, Drama, Guide, Politics & Economics, Speech, and World Studies. All members choose one section and perform different activities. As for the content of each section, please read the following pages

Sincerely yours,
Mariko Isawa

Mariko Isawa

Chief of the section leaders.

AFTER READING DISCUSSION SECTION

Hello, everyone. Here today, I'd like to tell you what we do in this section "After Reading Discussion" section.

After we read a story, we discuss about the content of the story. And then we exchange our opinions each other. This is very interesting and exciting even though we confuse before we get used to.

I strongly believe that our activity will develop our speaking ability. We need to express our opinions instantly, because it is hard to guess what kind of questions others ask.

Unfortunately, there's no freshman in this section this year. But I hope some members will join this section and improve their English skills in the near future.

Thank you very much,
Chiemi Taniguchi

Chiemi Taniguchi

Leader of the After Reading Discussion Section

DEBATE SECTION

I would love to introduce my section. Probably, most of you do not know 'debate' well.

Debate is one way to argue with fixed rules in a limited time to persuade a judge. We argue between two sides, an affirmative side and a negative side. The affirmative side insists that they need to change the present condition and a negative side tries to deny the affirmative side. We can not choose sides, but it makes us understand the problem deeply from both points of view and improves our creativity. Also, every speaker has the same time to make his or her speech.

Debate is a way to argue equally without losing our tempers.

At present, it has five members; three active members and two are studying abroad. Each active member is working hard to think, and speak clearly and logically.

Thank you,
Megumi Ohashi

Megumi Ohashi
Chief of the Debate Section

DISCUSSION SECTION

I am glad to have an opportunity to introduce our section to all of you. If you hear the word "discussion", what kind of discussion do you imagine? The discussions we have in our section are based on a certain style, which I will explain below.

We handle social issues in daily activities, and discuss ways to overcome problems. First we examine social problems deeply by ourselves and make plans about them. Next, we discuss together whether we should adopt the plans or not.

During our discussions, it is necessary for us to communicate our thoughts to other participants clearly in English. Though it is very difficult to state our thoughts in English, we try very hard to improve our English ability through the section activities.

All members have a strong passion for our activities, and I hope our Discussion Section will continue to grow.

Thank you very much,
Mariko Isawa

Mariko Isawa

Leader of the Discussion Section

DRAMA SECTION

Welcome to the Drama Section! I am very glad to have an opportunity to introduce our section here.

Our principal activity is making an English Drama. We acquire knowledge of foreign countries; cultures and customs, and learn "Living English" through drama. We would like to share the time with the audience as we convey the message of a play from the share to you!

In order to achieve our purpose of making drama, we take many steps:

- physical exercise
- voice control training
- pronunciation practice
- pattern practice for movement
- scenario reading

The equipments are also important for drama and need to be learned:

- The Sound Effects
- The Setting Effects
- The Make up and the Costumes
- The Lighting Effects
- The Properties

Our main stages are "Scenario Reading " in July and the full performance in winter. We are looking forward to the opportunity of seeing you!!

Thank you very much,
Masako Tanimura

GUIDE SECTION

HELLO! I am glad to have an opportunity to introduce you our section activities. It would be GREAT pleasure if you could understand our section after you finish reading.

We aim to know and understand our Japanese culture. And we improve our English skills through our activities.

Our main activities are following:

1. Volunteer Guide

We went to KIYOMIZU TEMPLE to guide people from overseas. In the guiding, we carryout what we have learned the detail of statues, the architecture in the temple and religion in Japan.

Through this activity, the most interesting point is that we can ENJOY communicating with people. This is a good experience for all members.

2. Guide Contest

Each member researches their own topic concerning Japanese culture, and introduce it to a judge using some slides.

The Guide Contest in Summer seminar.

The Guide Contest of Kansai Gaidai Uni.

The Guide Contest of Nanzan Uni.

The Guide contest of J.S.G.F.

(We belongs to Japan Student Guide Federation)

This year, we have active 26 members. We are doing very well. I hope we all members will improve the skills and our guide section will continue to grow up!

Yours sincerely,
Mayuko Taniwaki

Leader of the Guide Section

POLITICS & ECONOMIC SECTION

Ladies and Gentlemen, I am glad to have an opportunity to introduce the politics and economic section of ESS. In this section, we have two purposes. One is to improve English ability and the other is to get knowledge of politics and economy.

(June-July)

In July, we took part in a circuit speech contest. The rules were as follows: two people make one team. Two teams play one game. Let's call team X people AB, and team Y people CD. First, A makes a 3-minute speech. After one minute of intermission, team Y asks team X some questions about the given speech for 3 minutes. Then, they have one minute of intermission again, after which, C gives summary speech of the made by A. This process is one round. One game consists of four rounds. Therefore, each person gives both a prepared speech and a summary speech. I am sure that we can improve English ability through such practice and by taking part in the game.

Lastly, I wish to express my deep appreciation to my fellow students and to the senior who helped me a lot. It is my hope that someone will show up and make P.E.section set up, grow up and accomplish the desired purpose.

Thank you very much,

Sachiko Yonezawa

Sachiko Yonezawa

Leader of the P.E. Section

SPEECH SECTION

I'm very glad to introduce our SPEECH SECTION to all of you. All of our section members have the same purpose to express myself and to make myself understood to audience. However, it's very difficult to persuade audience within several minutes. We have to make our speech logical and rhetorical. In order to achieve these skills, all the members are working hard together.

CONTEST: We have a lot of opportunities to make our speech in public because there are many speech contests in a year. Main contests are followings;

Jun. The Honolulu speech contest

The Mainichi speech contest

Sep. The K.G.U. & K.G.J.U. Presidential cup speech contest

The Melbourne speech contest

Dec. The 5-GAIDAI speech contest

These are just example. There are many other contests. One of our goals is to win the contests. We are making great efforts and participating in such contests to get good results.

DAILY ACTIVITY: In our section, we practice from basic things to technical skills of English Speech.

Speech & Free talking: Impromptu short speech & discussion

Examine: Discussion about each topic

Lastly, I hope we all members will improve the skills and our SPEECH SECTION continues to grow up.

Thank you very much,
Yumiko Shirakawa

Yumiko Shirakawa

Leader of the Speech Section

WORLD STUDIES SECTION

I am very glad to introduce our World Studies Section. Our main activity is making presentations and holding presentation contests.

In order to make a presentation, we have some categories. I would like to inform you of each process.

1. Choose A topic

Usually we choose A topic by discussion. The topic is based on our interests from many different fields, such as science, religion, history, culture, art, etc.

2. Brainstorming

We divide the given topic into certain sections and assign each to one of the members. Then, we analyze the assigned part individually.

3. Give a presentation

Give a presentation on the given topic and have a Q&A time to exchange our ideas. This activity deepens our knowledge of the topic.

Through these activities, we emphasize developing our own ideas and what we want to tell our audience. I hope all the members of this section have strong idea and will be able to build each unique style by giving presentations.

Thank you very much,
Tomoko Kubo

Class Leader for Freshmen

SOPHOMORE

I would like to have an opportunity to introduce our activities to you. I'd like to tell you about three activities; General Meeting, Lunchtime activity and Class Act in training camp.

(General Meeting)

It's held in April and May especially for freshmen. Freshmen experience this period and then come to know what the E.S.S. is as soon as they join this club. In the General Meeting, we have various activities such as free talking, singing songs and discussion. And, moreover, there are two events; Recitation contest and Freshmen Joint Discussion. Through these activities, freshmen can get used to this club. This General Meeting is hard, but rather enjoyable.

(Lunchtime Activity)

Lunchtime activity is the time when we try our best to do what we like and a time for studying English to improve our English ability. In this activity, freshmen, juniors and we get together and have some activities to get stimulation from other class members and to make friends with them.

(Class Act)

It's activity which is held in our training camp. In this summer we made a presentation in English.

Through these activities, we can practice English Continually. I think we can improve our English speaking, listening, writing and reading ability and keep our good relationship.

Thank you,
Megumi Ohashi

JUNIORS

Since we joined this club E.S.S., almost three years have passed. I still remember the day I entered this club. Today, I would like to tell you about juniors.

Juniors consist of 12 members and 6 of them are studying abroad. We are trying hard to improve our English skills and ENJOY our activities.

In summer training camp we had a discussion about our future. We had a lot of fun and made good memories.

Lastly, our juniors retire in this December, so we will do our best to all of activities. And even though our activities have ended, our friendship will never ended!!
